## **Procurement & Supply Chain Internship at HITACHI Construction Machinery Europe**

**Location:** Amsterdam, *Nederland*

**The role:** As a Procurement Intern at HCME, you will support the Indirect Procurement Category Manager in optimizing the purchase of Safety gears/Petty Materials by implementing vending machines in our factory. You will also be able to support various Procurement and Supply Chain projects for Indirect Category.

### **The responsibilities:**

- Become the lead of the vending machines implementation project (RFX management) from benchmarking/sourcing to negotiation/contracting/implementation
- Support with the development and execution of the Indirect procurement strategies as well as identify and mitigate risks.
- Cultivate and maintain relationships with Internal and External stakeholders.
- Having full overview of the chain (not only price negotiation but forecasting the total cost and taking all factors into consideration)
- Be in support for financial analysis, administrative daily work, and price & contract negotiations

### **The requested output:**

The output of your internship should be that we can start the implementation of the vending machine in Amsterdam Factory. This includes:

- Business case
- Selected items to be in the vending machines
- Defined location in the factory
- Selected vendor (based on RFX executed process)
- Defined logistic and ordering process for filling vending machines
- Investment forms prepared
