

Hitachi Construction Machinery Asia Pacific Expands in Southeast Asia with the Launch of EX70-5G and EX210LC Prime Models

Hitachi Construction Machinery Asia Pacific (*HMAP*) is broadening its presence by offering comprehensive machinery solutions with the launch of the EX70-5G and EX210LC Prime, the flagship models from Tata Hitachi Construction Machinery to the Southeast Asia market. Both models will be available starting in 2025.

The **EX70-5G** features a YANMAR Fuel-Efficient Engine for reduced fuel consumption, making it eco-friendly and cost-effective. Its spacious cabin ensures enhanced comfort with low noise and vibration, even during extended work hours.

Additionally, the advanced hydraulics system, with regeneration, flow combination, and holding valves, boosts fuel efficiency, productivity, and safety.

SPECIFICATIONS

- Engine Gross Power: 48.3 HP
- Operating Weight: 7,400 – 7,700 kg
- Bucket Capacity: Backhoe: 0.35 m³

The **EX210LC Prime** delivers precision control, high fuel efficiency, and advanced technology for faster, more productive operations. Its spacious, ergonomic cabin minimizes noise and vibration, ensuring operator comfort and reducing fatigue. With excellent versatility, it excels across industries, providing durability, low maintenance costs, and a strong return on investment.

SPECIFICATIONS

- Engine Gross Power: 131 HP
- Operating Weight: 20,600 – 20,800 kg
- Bucket Capacity: Backhoe: 0.9 - 1.7 m³
